Linda Wright

You could say Linda Wright was destined to be a Kiwanian. Her father, along with being the mayor and a member of the VFW, Elks and American Legion, had been an active Kiwanian in Ironwood, Michigan when she was growing up, and his service to the Club inspired her to join when she retired. Linda has lived in the valley since 1993 and moved back to Scottsdale from the west valley. She moved to Terravita in July of 2020.

As a Human Resources specialist, Linda has had experience in every facet of the field and has a specialization in benefit and compensation plans. Linda has worked in health care, banking, manufacturing, and her last employer was AAA of Arizona. She has a Bachelor's degree in Business and a Master's degree in Organizational Leadership.

To say Linda has jumped into the Club with both feet is an understatement. She is already making an impact on the four committees in which she participates: Membership, Hospitality, the Marketplace and Technology (Ad Hoc). When asked what advice she could give to new members looking to make a difference, she replied, "raise your hand, go to the luncheons, find a committee that matches what you're passionate about and put yourself out there."

When Linda isn't busy with her myriad Kiwanis projects, she enjoys reading and spending time with her four grandchildren. If you haven't met Linda yet, don't worry. You will. And you will be swept up in her passion for fellowship and service and her dedication to serving local children.
